

The curricula for both cohorts (LNY33 and LNY34) are the same. Candidates may select their preferred calendar in the application. We cannot guarantee that if accepted you will be placed in your preferred cohort, but we will do our best to accommodate.

Colors correspond to program outcomes: blue = personal leadership skill-building, yellow = NYC knowledge training, grey = effective networking.

Attendance policy: due to the experiential, accumulative nature of the program methodology, attendance is expected at all sessions and is required for the entire overnight opening retreat. No more than five absences are permitted for successful completion of the program (leaving early and arriving late counts towards an absence), and missing the Saturday retreats is not encouraged because they are key cohort experiences. Expect additional hours for planning the Issue Days, Open Sessions and other events.
